

KDL-Newsletter 1 (2021)

Dear Sir or Madam, dear teaching staff,

Also in 2021, we are looking forward to supporting you in the implementation of digital and digitally supported teaching!

With best wishes for the end of the semester and stay healthy

Your Kompetenzteam Digitale Lehre

General Information about Support Requests

- For questions regarding digitally supported teaching, such as didactic concepts and digital tools, etc. please contact digitale.lehre@uni-giessen.de. Do you have questions about the web conferencing tools Cisco Webex or Microsoft Teams? In addition to these support email addresses webex@hrz.uni-giessen.de (for questions about Cisco Webex) and office365@hrz.uni-giessen.de (for questions about Microsoft Teams) you can contact us in urgent cases via telephone +49 641 99-13119.
- The Website ‚Lehre im Fall einer Pandemie‘ (englisch translation: ‚Teaching during a pandemic‘) was updated for the winter term 2020/21 and informs you about support offers for designing digital teaching scenarios and references to the digital tools, which are available at JLU to support you in your digitally supported teaching concept. Further information is available on the [support page](#).

E-Mentors

- Numerous e-mentors are available to you with their discipline-specific expertise in digital teaching. Get an overview and further information about the [e-mentoring](#).

Synchronous qualification offers

- Current didactic workshops and collegial networking events that support you in designing and developing your digital teaching are available at the Hochschuldidaktischen Kompetenzzentrum (HDK) (English translation: competence centre for didactic in higher education). Further information and the complete programme 2021/1 is available on the [HDK-Website](#).
- The KDL webinar series „Impulse Digitale Lehre“ (English translation: „Impulse Digital Teaching“) goes into the 3rd round. You can expect informative and diverse topics around digital and digitally supported teaching. All workshops and events of the KDL-Team take place online. Further information is available on the [programm overview](#).

Virtual International Programme (VIP)

- In cooperation with the ZfbK, the international office will conduct a survey in February 2021 among teaching staff at JLU who are participating in the „Virtual International Programme“ (VIP) in the current winter semester 2020/21. The survey is intended to identify challenges that teaching staff face in opening their courses to virtual and international students on an intercultural and didactic level. Based on the results of the survey, training offers and recommendations for action for teaching in the virtual and international environment will then be developed. Further information is available on the [VIP-Website](#).

Learning Level Reviews

- Are you planning to include learning level reviews in your digital courses? All information on the digital implementation of, for example, open-book exercises, take-home exercises or test is available in the corresponding topic block on the “Lehre im Fall einer Pandemie”-Website (English translation: ‘teaching during a pandemic’-website). Get further information on the [Learning Level Review Check](#).

Asynchronous qualification offers

- Two new learning modules of the University of Halle have extended the public learning materials on ILIAS in January 2021: The first learning module is about “[Presenting and Visualizing](#)” (German). The second learning module is about “[Scientific Research Methods](#)” (German).
- A new explanatory video on the topic “[Digital Peer-Feedback](#)” (English subtitles) is now available in the Lehre 4.0 Media Library.
- A new explanatory video series on the videoconference system “[Cisco Webex](#)” (German) is now available in the Lehre 4.0 Media Library.
- Discipline specific learning and teaching material is available at the digLL-Website. The material was created by the funded projects of the project “Digital gestütztes Lehren und Lernen Hessen” (digLL) (English translation: “digitally supported teaching and learning in Hessen). Further information is available in the public area of [digLL at the JLU-ILIAS](#) (German).
- A qualification matrix is offered by the digLL-project (see above). The matrix is a collection of public offers in the field of e-learning by the participating universities, sorted by competence areas and level, and thus enables the competence-oriented and precise location of asynchronous qualification offerings in the context of digitally supported teaching and learning. To the [qualification matrix](#) (German).
